Secure US Mail for Sunlight Waters

The membership at the 2015 Annual Meeting unanimously voted to replace all individual mailboxes with new locking cluster-box unit (CBU) mailboxes. Mail theft from individual mailboxes has been a recurring problem and these new mailboxes should provide better security. The CBU mailboxes present a neat clean look, are preferred by the post office, and will accommodate small packages. There will be some inconvenience while the new CBU mailboxes are installed, but you should find that the new system will be a great improvement. SLWCC will try to make this a smooth as a transition as possible. Residents with existing, locking mailboxes on their own post on the East side of the CBU mailboxes are grandfathered, however, no other individual boxes with posts will be allowed.

The demolition of the old boxes will be June 22nd with a target of resumption of delivery of June 27th. During this time mail delivery will be on hold. Mail can be picked up at the Cle Elum Post Office during this time. Once the new mailboxes are delivered and the Postmaster completes the box assignments you will be able to pick up your keys from the SLWCC office. Two keys will be issued with one spare key kept secure in the office in case of loss. Keys will be available 12 noon – 4pm on Tuesday, June 23rd thru Thursday, June 25th and on Saturday, June 27th Jerry Ihrke will be in the office 10am – 12noon. You will need to pay a one-time fee of \$75 per address and fill out a form when picking up your keys or you will be invoiced.

This project is being done with as much volunteer labor as possible in order to keep costs to a minimum. I recently had shoulder surgery and require some assistance with the installation, including demolition of old boxes, building of concrete forms and setting of rebar, pouring and finishing concrete, setting anchor bolts for the new boxes, assembly and placement of the new boxes and marking and distribution of the new box keys. Just a few hours of your time will make a huge difference in how well this community upgrade is completed. Please volunteer if you can.

Thank You,

Mike Quiett – Trustee/Sunlight Waters Board of Trustees
